**Background of Camp Tifie**

Tifie which is part of Mountain Dell Scout Ranch is located above Mount Pleasant, Utah in Sanpete County. Tifie is an acronym which stands for Teaching Individuals and Families Independence Through Enterprise. Tifie is situated at 7500 feet above the beautiful Sanpete Valley. Temperatures can be 15 to 20 degree cooler than in the valley during the summer months.

**CONCLAVE RULES**

**Emergency Alarm**

At any time you hear the siren or alarm, walk to the Flag Poles with your chapter & lodge and ensure all are accounted for. Further instructions will be presented.

**First Aid**

Camp Tifie’s First Aid Lodge is designed to meet the emergency needs of participants. All injuries must be reported and properly recorded.

**Youth Protection**

The Boy Scouts of America is a leader in the fight against child abuse. We must do everything in our power to prevent physical, emotional, and sexual abuse. To protect youth and adults we must be extremely careful to follow the BSA TWO-DEEP LEADERSHIP policies. The BSA will not tolerate any activity that can, in anyway, be interpreted as abusive. If you are aware of anything questionable, please report it at once to Conclave advisers. Do not become directly involved unless there is an immediate physical threat.

All registered adults must have completed the new Youth Protection Training. Two deep leadership is required for all groups.

**Buddy System**

All campers should use the buddy system at ALL times in camp.

**Ecology**

Animal Conservation – Please make understand the delicate balance of plan and animal life in the wilderness. Everyone should not disturb animal life at camp.
Pets – No pets of any kind should be brought to camp. Pets are a threat to wildlife and are in danger themselves.

Plant Conservation - The vegetative life in this high mountain ecosystem is very fragile. Please make every effort to stay on trails. To not pick flowers or collect specimens. When gathering firewood, collect only dead and down wood. Never cut down a tree, dead or alive. Bartlett Scout Reservation attempts to maintain a wood yard; check there first for needed fuel. Do not use natural materials for camp projects.

Please do all you can to prevent name carving, hammock hanging, and other acts that damage trees.

Fire

The smallest spark is a deadly threat to wildlife and campers. No fireworks are allowed in camp or in the National Forest or Parks. All fires must be confined to the designated fire pits in each campsite.

Ax Yard and Wood Cutting

Each campsite has a designated area reserved for wood cutting. All woodcutting must be done in this area.

Camp Tifie has adequate equipment and so it is required that no firearms or ammunition be brought to camp. Sheath knives are not allowed at camp. **Shooting sports activities require $5 ammunition ticket from the trading post.**

Bikes

Bikes are discouraged at camp, and their use is restricted in the Parks and wilderness areas.

Courtesy

Respect the other Scouts and Campsites. Do not enter them unless invited. Control noise, respect quite hours, and leave other people’s personal properly alone.

Quiet Hours

Quiet hours for Conclave are between 11:00 PM and 7:00 AM. Please respect others during this time.

Smoking Policy

There are designated smoking areas, which will be shown to the adult participants upon request. All smoking are restricted to these areas. Camp Tifie’s policy on smoking is the same as that of the BSA – it should always be done with discretion and not in the presence of Scouts.

Lost Camper Prevention

One should never go where they do not know and one should always take a buddy. Stay on trails, in camp, or with an experienced staff guide.

No one should ever go anywhere without telling advisers where they are going and when they intend to return. Always be prepared with signaling device, water and food, and proper clothing and shelter.
Advisers should report immediately if someone does not show up when and where they should.

Stop and stay put, “hug a tree,” the moment you realize you are lost.

**Facilities and Equipment**

All campers should take care of, and have respect for, all camp wide equipment and facilities including: All shower and restroom facilities, camp wide buildings and structures, personal camp equipment belonging to others, program equipment.

**Showers & Restrooms**

The shower houses provides showers for all campers. Report any malfunctions to the Camp at once. Shower schedules will be posted.

Please help everyone do their part to keep the showers clean and safe. Adults should be aware of unsafe behavior and control discipline by providing supervision while youth are in the shower. If there are any difficulties with other campers, please contact a staff member. Latrines are located near each campsite. Please help keep these facilities clean. Health, safety, and cleanliness are everyone’s responsibility.
